

# 034 Revising the Numbers

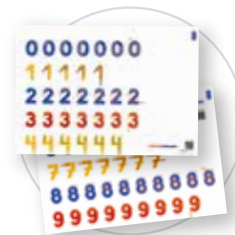

Learning the directionality of the numbers

## Starting Session

Hand out the Miniland numbers. Explain that to write the numbers you have to follow the path they mark. Look for the path marking the Miniland number you wish to work on and follow it with your finger.

## Miniland Product Game

The sheet (printed out beforehand) shows the steps to be followed to trace the Miniland numbers (5, 6, 7, 8 and 9) and thereby learn the direction in which the number is written. Hand out the Miniland numbers and trace them in accordance with the steps on the sheet. This activity is ideal for working on final

## Digital Game

When finished, play the digital game to reinforce content. The aim of the game is to draw the outline of the numbers by following the direction marked. Choose a number on the menu, observe the direction to be followed and draw the outline of the number in the animation.

## Educational content

### Mathematics

- The numbers from 0 to 9.

### Language

- Vocabulary.
- Spelling: the numbers.
- Literacy.
- Graphomotricity.

### ICT

Use of a digital environment.

## Compatible Miniland Material

- Ref. 31867 Activity 123 ABC

### Multilingual education

Vocabulary and speaking.

## Age

3-6 years.

## Themes

Math and Logic.
