

039 Who lives on the farm?

Identifying and classifying animals in accordance with their habitat

Starting Session

Hand out the Miniland animals. Ask the children the names of the animals and if they know where each of them lives. Print out and show the farm sheet with the animals already in place and ask about them.

Miniland Product Game

Pick up a Miniland animal in turns and ask where it lives. Look for and place the animals which live on the farm on the sheet with no animals (sheets printed out beforehand). Work on vocabulary related to the farm. You can also work on the 4 habitats (jungle, sea, farm, woods) simultaneously.

Digital Game

When you have finished, play the digital game to reinforce the content. The game consists of dragging the animals which live on the farm to the top of the screen. There are 6 correct animals and 3 intruders.
